A Message from your Campaign Chair

In my role as President of Central Alabama Community College (CACC) I have experienced first-hand the local economic and community development impacts and witnessed the strong desires to develop common strategic goals and objectives to make our community the very best we can. With the pandemic behind us our community emerges on a **New Horizon**. One definition of New Horizon is the limits of what one wants to do or of what one is interested or involved in. I encourage each of us to embrace the **New Horizon** for our Chamber and create opportunities in new and innovative ways. We must challenge the status quo and reach out to everyone in our community. Creating a team approach, working together and continuously improving will allow us to achieve great outcomes for our City. Alexander City has a bright future, let's dream big! I remind our team at Central Alabama Community College (CACC) that we work each day to make a difference for our students and our community that we serve. We can all do the same for our City through our Chamber.

CACC has its on-going relationships/partnerships with the private and public sectors and non-profit organizations well established, including a strong association with the Alexander City Chamber of Commerce. I am fully aware of the Chamber's long-standing record of community involvement and contributions to the well-being of the citizens of our Alex City communities.

This new five-year plan, **New Horizons**, detailed in the pages that follow was not created in a vacuum by the Chamber board and staff, but rather is the culmination of one-on-one input gathered from throughout all the communities in the Alex City area. Over 60 community leaders encompassing all sectors provided individual input resulting in prioritized action items that make up the Chamber's new programming. Thus, the resulting three overarching initiatives truly represent our direction as to the deliverables desired from the Chamber to carry out its role as our community leader and convener.

- ▶ **Workforce & Career Readiness**
- ▶ **Targeted Business Recruitment**
- ▶ **Business & Community Engagement**

I have been personally involved in the creation of this new five-year initiative, bringing four decades of both private and public sector leadership experience in economic and workforce readiness to the table. Therefore, I was both humbled and excited to be asked, and to accept, the **New Horizons** Campaign Chair responsibilities to help provide the resources to help fuel Chamber programming. And I am so pleased to be joined by three campaign co-chairs: Lois Ann Murphree, Amanda Thomas and Kevin Speaks—community leaders in both the private and public sector.

I fully believe in and am committed to both the process and this program of work going forward and I am confident that each of you, along with many public and private leaders who are already on board, will see the vital importance of investing your time, talent and dollar resources together with us to make our Alex City area all it can and should be.

Workforce and Career Readiness

Mission

Lead a targeted, industry-driven workforce and life skills youth development program through collaboration with our community and educational partners.

“ As a business owner, I've witnessed the need of workforce and career readiness initiatives firsthand. The Alexander City Chamber is leading a targeted, industry-driven workforce and life skills development program through collaboration with community and educational partners for our local youth. The Chamber's focus on building career pathways and fostering a skilled workforce will contribute to the success of all our local business and the lives of our youth.

—Lois Ann Murphree
Owner/Operator Chick-fil-A

“ The Alexander City Chamber of Commerce is an essential partner with Alexander City Schools. Their support for our school system is immeasurable. From helping us out with events such as New Teacher Orientation, Back to School Bash, and our Career Technical Advisory efforts, we have come to depend on the Chamber to assist us as we plant seeds of hope for Alexander City. We're excited to support their expanded focus into Workforce and Career Readiness!

—Dr. Beverly Price
Superintendent, Alexander City Schools

Business & Community Engagement

Mission

Elevate Chamber membership services, business programs and events to serve as the hub for business and community engagement.

“ The Chamber’s business programs and its membership services, specifically the Young Professionals, were a catalyst in igniting my own business & community engagement approximately 7 years ago. Investing in this organization and its mission to be the hub for prosperity in our community has provided me with an immeasurable positive ROI in the personal, professional, and civic arenas. Consistently challenging ourselves and those around us to be fully engaged and active participants in local business & community affairs will play a major role in keeping us all moving in the right direction. I am proud to reaffirm my commitment to these efforts with the Chamber and their strategic partners and challenge anyone reading this to join us in making our community a prosperous place to live, work and play.

— Kevin Speaks
Central State Bank

“ The Alexander City Chamber of Commerce exemplifies professionalism and commitment to community engagement. Its strategic approach to fostering local connections has set a benchmark. With the next five years in view, I anticipate continued growth and impactful collaborations. Its partnership is pivotal to our community's success.

— Scott Hardy
Alexander City, City Council Member &
Director of Institutional Advancement,
Government Affairs and Public Relations
at CACC

A Message From Your Chamber President/CEO Jacob Meacham

The Alexander City area's workforce, economic and community development landscape has changed dramatically over the past five years. As a direct result, the needs of the business community, governmental agencies and educational institutions and their respective workforces have changed as rapidly as at any time in our history.

Recognizing and accepting your Chamber's signature role as a community leader and convener to deal with key quality of life issues, and provide seminars, training, community-wide events and activities, the leadership of the Chamber's volunteer board of directors has built upon the success of our two previous five-year plans and has developed an exciting, innovative and challenging 2024-2028 path forward.

Although our community has experienced progress along many fronts, now is no time to stop. Progress alone is not the goal. Continuing to move our community forward and building upon the successes we've had requires new vision, new strategy, and a new plan for how to achieve ambitious goals.

On behalf of our Board of Directors, staff, volunteers and community partners, we're excited to roll out **New Horizons**, the latest plan for your Chamber and our community designed with a focus on continuing the momentum and moving our community **From Progress to Prosperity**.

The key to successful execution of the initiatives in this **New Horizons** action plan relates directly to fulfilling our leading and convening role with community-focused private sector leaders from business and industry, elected and appointed officials in the public sector, decision makers at all grade levels in the academic sector, and many other community-minded organizations—all of whom are committed and engaged as full partners in bringing solutions to key community issues.

As your new Chamber President and CEO, resident of Alexander City, father to two children in our public schools, husband and son of local business owners, and a multi-generation native to this area, I am energized, motivated, and I fully embrace the opportunity to help move us forward. It is clear that working as full partners, we are better positioned than ever to build on the current progress achieved in community well-being in both the private and public sectors.

I appreciate those of you who have supported our efforts and programming as an investor in **Our Future is Now** and **Partners In Progress** over the past ten years. If you have not yet become an investor, I hope after reviewing the recap of the Chamber results achieved over the past five years, our newly prioritized 2024-2028 programming initiative objectives and expected positive outcomes, you will consider joining with us as we embark on a progressive and bold, new five-year strategic plan for the citizens in Alex City and the Lake Martin area.
